The other issues were with their road, the turn at their drive needs mowed, there are several pot holes which need filled and they suggested the vegetation around all the road signs needs knocked down. Mr. Dixon suggested this be done in the entire township. Mr. Anderson plans on being on Greenwood when finished on Pine Hollow.

Deb Bins Elkton West Point Rd noted that on the road near her house the road has started to erode. Mr. Anderson said he has looked at that and will be working on it.

The signs for the Fairfield Rd paving project have all been placed and the grading work at the intersections is completed. There was some mention by those in attendance about how this is used as a cut through wanting to know how long the work will take, there was no time line given to the township.
